The queen of light is . . .
not merely a leader of a country.

It is ....
the mother of all human against
the beings of darkness,

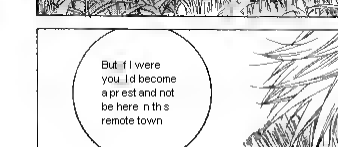
and a protector of the green..

Therefore, she is glorious and
holy.

Even so...
The devil king has been sealed for thousands of years, and the dark beings live secretly in their own land.
So, the queen of light is only like the Goddess of farming.
That sounds about right.
And we have one right here.
!

Oh course. I am an ingenius farmer recognized by the farming guild.
Don't make me laugh. You farm by using your little holy force. You are a fake.
Either way Yuri's farm s always a success

But if I were you, I'd become a priest and not be here in this remote town



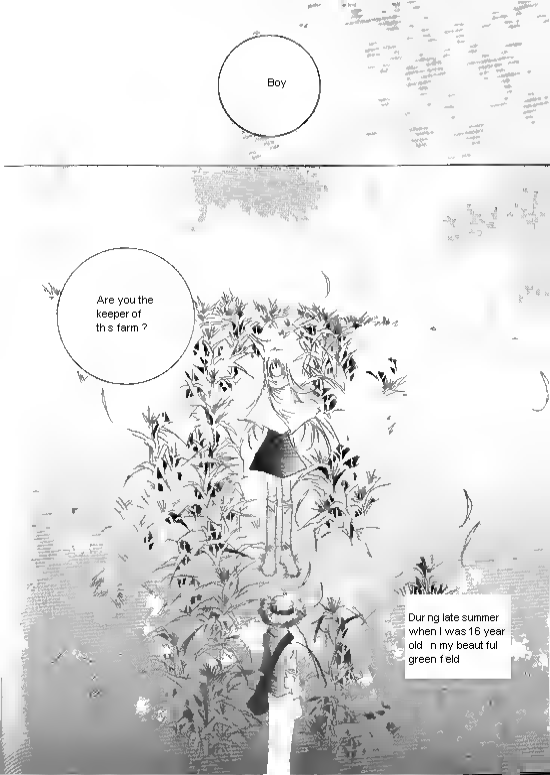
What's wrong with this place ?
it's boring. And every day is the same

Yuri... don't you want to go to the big town ?
Not really

Speak ng of witch the pr ests are here
Those guys come here quite often What s the occas on ?
I overheard what the elders sa d They say they had a negat ve prophecy
Really? what prophecy ?
Who cares I only overheard
When I was a ch ld
The queen of l ght that my grandmother had told me was
a person with full of and pure l ght
so that she was l ke a sun that I could not dare to even look at

And when I grew up, my asp rat on had cooled down and the queen of l ght
was only a name that meant nothing
It was ....
as small as the sun sh ne n the even ng

and it was
as nd fferent
as red lps
So, it was
a forgotten
name



Boy
Are you the keeper of th s farm ?
Dur ng late summer when I was 16 year old n my beaut ful green f eld

I encountered
the worst devil

This s

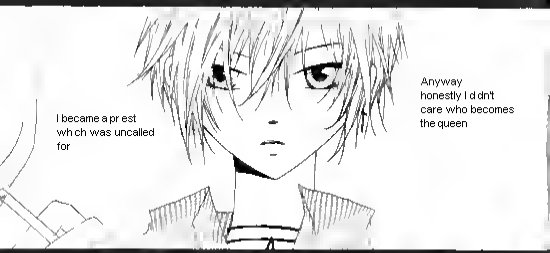
Honestly speaking, my life began to mess up since that encounter.



The candidates were not much different from each other.

Fine character, fine intelligence, and fine sexual charm.
It looked as if it wouldn't matter whoever become the queen in this peaceful era.
